

Optical Character Recognition using Neural Network

Source Code :

https://github.com/tensorflow/docs/blob/master/site/en/tutorials/keras/basic_classification.ipynb

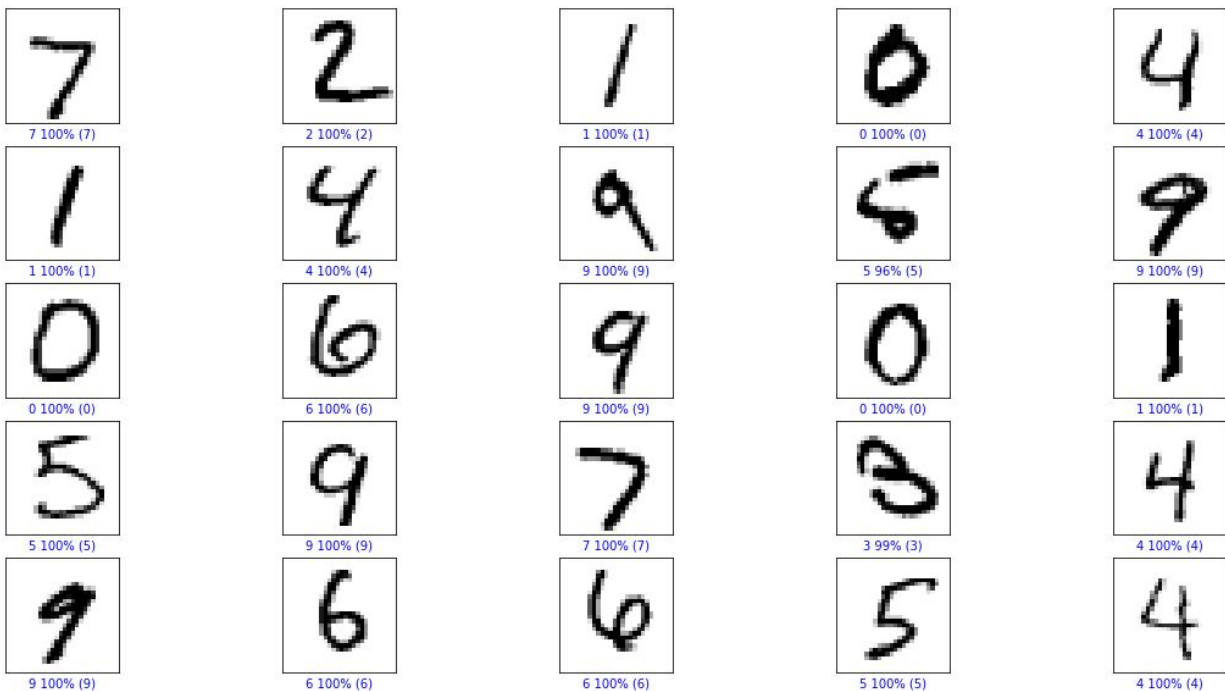

Reference:

https://www.tensorflow.org/tutorials/keras/basic_classification

Character Dataset : keras MNIST which contains images of handwritten digits (0, 1, 2, etc)

Python Library : Tensorflow, numpy and matplotlib

Result :

Shishila A Shimray
